"I've seen him become much more responsible for himself. This leap has led to much emotional growth. I think your caregivers are doing a terrific job of providing support, without hovering. Thanks for all of your help."

– J.M.

"Thanks to Home Care Assistance I didn't have to go through this alone... and that alone, helped me get through this."

– Wanda K., breast cancer survivor

Home Care Assistance is not just for seniors! While it is true that Home Care Assistance has earned a trusted reputation as a leading provider of care for aging adults, we also offer high quality care for individuals of all ages with chronic care needs or disabilities.

We define "special needs" as any condition or circumstance that makes activities of daily life, from basic self-care to social interactions, difficult. Our care is focused on meeting these needs while optimizing independence and quality of life. You can rest assured knowing that your loved one's basic needs are met by a skilled, experienced and compassionate caregiver.

High Quality Care for Clients with Special Needs

Home Care Assistance caregivers provide dependable, one-on-one care for people with special needs, no matter what age or condition. Offering flexible hourly and 24/7 services, Home Care Assistance lets you choose from a roster of experienced caregivers with varying backgrounds and skills to fit your every need and preference.

Our personalized service provides more than just quality caregivers – our Care Team, which is comprised of client care and staffing managers, conduct regular quality assurance visits to ensure continued satisfaction. We also work with other healthcare professionals to implement comprehensive care plans for our clients.

Experience is our Advantage

We require caregivers to have at least two years of experience caring for individuals with chronic care needs or disabilities. Many of our caregivers have even more years of experience with specific conditions, as well as special certifications to best meet our clients' needs.

The Most Comprehensive Screening Process

Home Care Assistance caregivers are highly experienced in all levels of care. They are rigorously screened and undergo background checks, including local and national criminal records. We even administer a psychological examination, developed by Ph.D. psychologists, to assess caregivers for honesty and conscientiousness.

Our Care Team is on Call 24/7

We are on call 24/7 to address any questions, issues or concerns you may have.
