Home Care Assistance Opens New Boca Raton, Florida Office

Senior care leader meets growing demand for in-home care services in Boca Raton, Delray Beach and surrounding areas

(Boca Raton, FL – April 17, 2014) – [Home Care Assistance of Boca Raton](#), a leading provider of non-medical, in-home senior care, recently opened doors to serve the greater Boca Raton and Delray Beach communities with its newest office. Located in the Polo Club Shoppes at 5030 Champion Boulevard, Suite G-4, the location is the 90th Home Care Assistance office in North America.

“I am excited to further our mission of changing the way the world ages in Boca Raton, Delray Beach and the surrounding areas,” said Meredith LaPira, President of Home Care Assistance of Boca Raton. “We are passionate about living well at home and look forward to improving the quality of life of seniors in our community through the Balanced Care Method, our holistic approach to care that promotes healthy mind, body and spirit, and the Cognitive Therapeutics Method, an activities-based program designed to delay the onset of cognitive decline. Our goal is to support our clients in maintaining independent, viable lives in the comfort of their own homes.”

Home Care Assistance of Boca Raton’s President, Meredith LaPira accepts approximately one out of every 25 caregiver applicants. Background checks, reference checks and work authorization are all completed along with a proprietary Caregiver Personality Screening test. The screening test is used to verify applicants’ suitability for the caregiving career by assessing traits such as honesty, kindness and conscientiousness. Meredith LaPira, along with Care Coordinator, Mary Lou Gordon, approach each client as if he or she were her own parent and spend time matching the client with the best-qualified caregiver for his or her needs, personality and interests.

Though 89% of seniors say they would prefer to keep living at home rather than move to a facility, thousands continue to enter nursing homes every year. With the support of a professionally trained caregiver, older adults can age safely and comfortably in their own homes.
