Home Care Assistance of Williamsburg Welcomes Linda Schiavone as Community Relations Manager

*Dedicated professional Linda Schiavone joins Home Care Assistance to educate the
community about quality of life for seniors*

(Williamsburg, VA – October 6, 2014) [Home Care Assistance of Williamsburg](#), a leading provider of in-home care for seniors, is proud to welcome Linda Schiavone, CSA, as the office's new Community Relations Manager. Linda has over 20 years of extensive professional experience in the health care industry, working with seniors in both Stamford, CT and Richmond, VA. Her rich skillset, including her recognition as a Certified Senior Advisor, makes Linda ideally suited for this position, where she will play an integral role in developing personal relationships with the community and maintaining client satisfaction. Her background in the health care field and passion for helping seniors live healthier, happier lives is very much in line with Home Care Assistance's commitment to providing exceptional care.

"My mother was in and out of the hospital the last 5 months of her life, and my siblings could not care for her alone," said Linda, whose personal experience opened her eyes to the importance of having high-quality care at home. "I lived 500 miles away and had a family and full time job. We hired a caregiver to come into the home while my brother was at work to help her with meals, bathing and companionship. The caregiver was a lifesaver for all of us as Mom wanted to be in her home surrounded by all the things that were familiar to her. I am thrilled to help other families have access to the same life-saving care."

Nationally recognized as a premier provider of live-in, around-the-clock care for seniors, Home Care Assistance prides itself on taking a proactive approach to health and wellness. The company's proprietary Balanced Care Method™, based on rigorously studied lifestyle factors that contribute to healthy longevity, is a core part of its caregiver training model and care program. Home Care Assistance caregivers are bonded, insured, covered by workers' compensation and screened for criminal backgrounds and driving histories to ensure that clients receive the best care from the most qualified caregivers.
