Home Care Assistance Opens El Dorado County, CA Location

Senior care leader meets growing demand for in-home care services in El Dorado County

(El Dorado Hills, CA – November 10, 2014) - [Home Care Assistance of El Dorado Hills](#), a leading provider of non-medical, in-home senior care, is thrilled to serve the El Dorado County community and surrounding areas with its newest office. Located at 2222 Francisco Dr., Suite 520, El Dorado Hills, California, the location is the 100th Home Care Assistance office in North America.

“I am excited to share what makes Home Care Assistance unique in the home care industry and I am confident our location will be a wonderful service to the El Dorado County community,” said Glenn Krakow, Owner of Home Care Assistance of El Dorado Hills. “Our mission is to change the way the world ages through innovative offerings such as our proprietary Balanced Care Method™, which is based on the scientifically studied lifestyles of the longest living people on Earth, and our Cognitive Therapeutics Method™, an activities-based program designed to stimulate the brain and delay the onset of cognitive decline.”

Home Care Assistance’s Employee Care Manager, Carlie Jacobs, accepts approximately one out of every 25 caregiver applicants. Background checks, drug screens, reference checks and work authorization are all completed along with a proprietary Caregiver Personality Screening test. The screening test is used to verify applicants’ suitability for a caregiving career by assessing traits such as honesty, kindness and conscientiousness. Carlie has 19 years of direct experience and approaches each client as if he or she were her own parent and spends time matching the client with the best-qualified caregiver for his or her needs and personality.

Though 89% of seniors say they would prefer to keep living at home rather than move to a facility, thousands continue to enter nursing homes every year. With the support of a professionally trained caregiver, older adults can age safely and comfortably in their own homes. Services Home Care Assistance provides include:

- Hourly and Live-in care
- Companionship and range of motion exercise
- Cooking, grocery shopping and errands
- Bathing, dressing and grooming assistance

- Transportation to doctors' appointments, supermarket, pharmacy
- Assistance with walking and transferring
- Status reporting to family
- Medication reminders
