Home Care Assistance Receives 2015 Best of Home Care® Provider of Choice Award

Home Care Assistance of Vancouver is recognized for the third year as one of the top home care agencies in the country based on client satisfaction

(VANCOUVER, BC – FEBRUARY 12, 2015) [Home Care Assistance of Vancouver](#), a leading provider of in-home care for seniors, is honored to be recognized as a 2015 Best of Home Care Provider of Choice. This prestigious award is given to home care providers who rank in the top 50th percentile in one or more client satisfaction categories, based on monthly satisfaction interviews conducted by Home Care Pulse.

“The Best of Home Care Awards recognize the leading home care businesses, the best of the best!” says Home Care Pulse Founder and CEO Aaron Marcum. “We are excited to announce these award-winners and celebrate their dedication to providing quality in-home care.”

Home Care Pulse created these awards to identify those agencies in the in-home care space that demonstrate a passion for client satisfaction and thereby help families make better care decisions for their aging loved ones.

“We are not interested in providing just basic care,” said Carolina Orosa, owner of Home Care Assistance of Vancouver. “We focus all our efforts on providing a more evolved type of care that really helps our Clients live a higher-quality, purpose-driven life. This award validates our efforts and we are so pleased and grateful to be recognized by our Clients for the third year.”

With a mission to change the way the world ages, Home Care Assistance helps seniors live well at home through innovative offerings such as their proprietary Balanced Care Method™, which emphasizes scientifically studied lifestyle behaviors of the longest living people on Earth, and the Cognitive Therapeutics Method™, an activities-based program designed to delay the onset and progression of cognitive decline.
