Inc. 5000 Recognizes Home Care Assistance as One of America's Fastest Growing Companies

Home Care Assistance is honored as an Inc. 5000 fastest growing company after growing by over 100% in the past three years and adding over 1000 new jobs

(Palo Alto, CA – August 26, 2015) [Home Care Assistance](#), a leading provider of in-home care for seniors, has been selected as an Inc. 5000 fastest growing company. The 34th annual Inc. 5000 is an exclusive ranking that represents the most comprehensive look at the nation's most successful private companies. The 2015 Inc. 5000 features the most innovative companies in the list's history and has become a hallmark of entrepreneurial success. This prestigious award is just one of many recognitions that Home Care Assistance has received, making this an incredible year of growth and measured success for the company.

"The story of this year's Inc. 5000 is the story of great leadership. In an incredibly competitive business landscape, it takes something extraordinary to take your company to the top," says Inc. President and Editor-In-Chief Eric Schurenberg. "You have to remember that the average company on the Inc. 5000 grew nearly six-fold since 2012. Business owners don't achieve that kind of success by accident."

A leading provider of live-in care for seniors, Home Care Assistance is dedicated to providing exceptional home care services across the United States, Canada and Australia. Innovative programs such as the Balanced Care Method™, a holistic approach to healthy aging, and the Cognitive Therapeutics Method™, a cognitive stimulation program to promote brain health, are elevating the standard of care worldwide.

"Inc.'s decision to honor Home Care Assistance is a testament to the strength of our business model and the success of our innovative approach," said Jack Johnson, Vice President of Franchise Sales. "We are both humbled by and proud of our incredible growth and strive to continuously innovate the home care space."

Senior home care is one of the fastest growing industries with over 4000 people turning 85 every day. According to AARP, 9 out of 10 seniors would prefer to age in their own homes. Home Care Assistance helps older adults age gracefully and independently in the comfort of home with trained, professional caregivers and premier home care services. By professionalizing the in-home care industry, Home Care Assistance is able to offer peace of mind for older adults and their families, while providing resources for the challenges our aging population faces.
