Home Care Assistance Celebrates Opening of Prescott, AZ Office with Ribbon Cutting Ceremony

Senior care leader, Home Care Assistance, will be hosting a Grand Opening Event sponsored by the Prescott Chamber of Commerce on Thursday, September 3rd from 4pm to 7pm

(Prescott, AZ – September 2, 2015) [Home Care Assistance of Northern Arizona](#), a leading provider of in-home care for seniors, is pleased to announce the grand opening of its office in Prescott, AZ. The Grand Opening Event will be held on Thursday, September 3rd from 4pm to 7pm. The Prescott Chamber of Commerce will be conducting a ribbon cutting ceremony at 4pm followed by food and refreshments.

“I am excited to share what makes Home Care Assistance unique in the home care industry and I am confident we will be a great resource for seniors and others in the Prescott/Quad Cities community,” said Carol White, owner of Home Care Assistance of Prescott. “At the Grand Opening Event we will be discussing and demonstrating our key differentiators such as our proprietary approach to aging and care, the Balanced Care Method™, our activities-based intervention program designed to delay cognitive decline, the Cognitive Therapeutics Method™, and our proprietary online HCA University, an online training platform for caregivers.”

Based on the scientific studies of the world’s healthiest seniors, the Balanced Care Method™ promotes five key lifestyle behaviors correlated with healthy longevity: healthy diet, physical exercise, active social ties, mental stimulation and a sense of purpose and calm. Caregivers are professionally trained to incorporate the Method into daily care to encourage healthy mind, body and spirit. For example, caregivers have access to healthy meal preparation training through the company’s online Home Care Assistance University.

We will be demonstrating the unique and proprietary Cognitive Therapeutics Method, an activities based protocol that is designed to delay the onset and slow the progression of cognitive decline associated with various forms of dementia including Alzheimer’s, vascular dementia, Parkinson’s and Lewy Body disease. The practice addresses five cognitive domains in the brain including memory, language, attention, visual spacial relations and executive functions. This service is provided by our trained caregivers at no additional cost to our clients.

Prescott Home Care Assistance is very selective in terms of screening and hiring caregiver applicants. Background checks, reference checks and work authorization are all completed along with a proprietary Caregiver Personality Screening. The screening is used to verify applicants' suitability for a caregiving career by assessing traits such as honesty, kindness and conscientiousness. We view each client as if he or she were her own parent and spend time matching the client with the best skilled caregiver for his or her needs and personality.

Home Care Assistance provides hourly and live-in services, allowing seniors to remain safely in their homes. Having an experienced and professional caregiver in the home of the client also provides family members respite and peace of mind. Caregivers utilize a holistic approach to aging, encouraging independence and engaging clients in physical, mental and social activities, in addition to assisting with meal preparation, personal hygiene, bathing, medication reminders, transportation and more.

Home Care Assistance staff is available 24/7 to provide experienced, trustworthy caregivers to help with all home care needs for seniors: transportation, healthy meal preparation, companionship, socialization, activities, personal care, medication reminders and dementia care services.

Home Care Assistance of Northern Arizona serves Prescott, Prescott Valley, Chino Valley, Dewey/Humboldt and surrounding communities! Call 928-771-0105 or visit www.HomeCareAssistancePrescott.com to learn more about the company's superior in-home care services and schedule a free in-home assessment.

ABOUT HOME CARE ASSISTANCE
