Home Care Assistance Celebrates Opening of Henderson, NV Office with Ribbon Cutting Ceremony

Senior care leader, Home Care Assistance, will be hosting a Grand Opening Event sponsored by the Henderson Chamber of Commerce on Tuesday Nov 17th from 4pm to 7pm

(Henderson, NV—November 2, 2015) [Home Care Assistance of Henderson](#), a leading provider of in-home care for seniors, is pleased to announce the grand opening of its office in Henderson, Nevada. The Grand Opening Event will be held on Tuesday, Nov 17th from 4pm to 7pm. The Henderson Chamber of Commerce will be conducting a ribbon cutting ceremony at 4:00 pm, followed by food and refreshments.

“I am excited to share what makes Home Care Assistance unique in the home care industry and I am confident we will be a great resource for seniors and others in the Southern Nevada community,” said Nick Paciello, owner of Henderson Home Care Assistance. “At the Grand Opening Event we will be discussing and demonstrating our key differentiators such as our proprietary approach to aging and care, the Balanced Care Method™, our activities-based intervention program designed to delay cognitive decline, the Cognitive Therapeutics Program, and our proprietary online HCA University, which we use to train caregivers.”

Based on the scientific studies of the world’s healthiest seniors, the Balanced Care Method™ promotes five key lifestyle behaviors correlated with healthy longevity: healthy diet, physical exercise, active social ties, mental stimulation and a sense of purpose and calm. Caregivers are professionally trained to incorporate the Method into daily care to encourage healthy mind, body and spirit. For example, caregivers have access to healthy meal preparation training through the company’s online Home Care Assistance University.

Home Care Assistance will be demonstrating the unique and proprietary Cognitive Therapeutics Method, an activities-based program that is designed to delay cognitive decline associated with various forms of dementia including Alzheimer’s, vascular dementia, Parkinson’s and Lewey Body disease. The program addresses each of the five cognitive areas of the brain including memory, language, attention, visual spacial relations and executive functions. This service is provided by the company’s trained caregivers at no additional cost to their clients.

Henderson Home Care Assistance is very selective in terms of screening and hiring caregiver applicants. Background checks, reference checks and work authorization are all completed along with a proprietary Caregiver Personality Screening. The screening is used to verify applicants’ suitability for a caregiving career

by assessing traits such as honesty, kindness and conscientiousness. The company views each client as if he or she were their own parent and spend time matching the client with the best skilled caregiver for his or her needs and personality.

Home Care Assistance provides hourly and live-in services, allowing seniors to remain safely in their homes. Having an experienced and professional caregiver in the home of the client also provides family members respite and peace of mind. Caregivers utilize a holistic approach to aging, encouraging independence and engaging clients in physical, mental and social activities, in addition to assisting with meal preparation, personal hygiene, bathing, medication reminders, transportation and more.

Home Care Assistance staff is available 24/7 to provide experienced, trustworthy caregivers to help with all home care needs for seniors: transportation, healthy meal preparation, companionship, socialization, activities, personal care, medication reminders and dementia care services.

Henderson Home Care Assistance serves Henderson, Boulder City and Las Vegas. Call 702-527-7723 or visit www.HendersonHomeCareAssistance.com to learn more about the company's superior in-home care services and to schedule a free in-home assessment.
