Home Care Assistance Announces Opening of New North Coast Office in Australia

In-home care leader will provide home care for the growing senior population on the North Coast, New South Wales and surrounding areas

(Perth, WA – November 3, 2015) [Home Care Assistance North Coast](#), the premier home care provider, is pleased to announce the opening of its new office, which will serve the greater North Coast NSW community. This location is the first Home Care Assistance office in Australia and it is opening during a stage of incredible growth and measured success for Home Care Assistance worldwide. The office is located at 1/72 Yamba Road in Yamba, NSW.

“We are excited to share the unique and innovative programs offered by Home Care Assistance as a resource for the communities on the North Coast and the Northern Rivers region area,” said David Kirkby and Meg Morrison, Joint Owners of Home Care Assistance North Coast. “At Home Care Assistance, our mission is to change the way the world ages through distinct offerings such as our proprietary Balanced Care Method™ based on the scientifically studied lifestyles of the longest living people on Earth and our Cognitive Therapeutics Method™, an activities-based program designed to delay the onset of cognitive decline.”

Home Care Assistance hires only the most qualified and compassionate individuals as caregivers to serve the evolving needs of the company’s clientele; Home Care Assistance accepts only one out of every 25 caregiver applicants on average. Applicants undergo thorough screening including background checks, reference checks and work authorisation. A proprietary Caregiver Personality Screening test assesses each applicant’s traits, such as kindness, honesty and conscientiousness.

David Kirkby and Meg Morrison, Client Care Managers at Home Care Assistance North Coast, uphold these standards in the highly-selective hiring process. Along with their compassion and professional expertise, David and Meg match clients with the caregiver best-qualified for his or her unique needs and preferences and treat every client as though he or she were a part of their own family.

Nine out of ten seniors prefer to age in the comfort of their own home, yet thousands of seniors still move to facilities every year. A professionally trained and compassionate caregiver can provide the support to help each senior age safely and independently for as long as possible where they prefer: home. Home Care

Assistance caregivers provide the following services to help seniors live well at home: hourly and live-in care, meal preparation, transportation, walking/transferring assistance, medication reminders, companionship and more.
