Home Care Assistance Announces Opening of New Dallas Office

In-home care leader will provide home care for the growing senior population in Dallas, Highland Park, University Park, Preston Hollow, North Dallas, Lakewood and surrounding areas

(Dallas, TX, December 22, 2015) [Home Care Assistance Dallas](#), the premier home care provider, is pleased to announce the opening of its new office, which will serve the greater Dallas community. This location is the 116th Home Care Assistance office in North America and is opening during a stage of incredible growth and measured success for Home Care Assistance. The office is located in Preston Center at 6029 Berkshire Lane in Dallas, Texas.

"I am excited to share the unique and innovative programs offered by Home Care Assistance as a resource for the Dallas, East Dallas, Highland Park, Lakewood, Lake Highlands, Turtle Creek, University Park, Uptown, White Rock Lake communities and the surrounding area," said Jared Caplan, Owner of the Dallas Home Care Assistance location. "At Home Care Assistance, our mission is to change the way the world ages through distinct offerings such as our proprietary Balanced Care Method™ based on the scientifically studied lifestyles of the longest living people on Earth and our Cognitive Therapeutics Method™, an activities-based program designed to delay the onset of cognitive decline."

Home Care Assistance hires only the most qualified and compassionate individuals as caregivers to serve the evolving needs of the company's clientele; Home Care Assistance accepts only one out of every 25 caregiver applicants on average. Applicants undergo thorough screening including background checks, reference checks and work authorization. A proprietary Caregiver Personality Screening test assesses each applicant's traits, such as kindness, honesty and conscientiousness.

Jennifer Satery, the Administrator / Director of Client Services at Home Care Assistance Dallas, upholds these standards in the highly-selective hiring process. Along with her compassion and professional expertise, Satery matches clients with the caregiver best-qualified for his or her unique needs and preferences and treats every client as though he or she were a part of her own family.

Nine out of ten older adults prefer to age in the comfort of their own home, yet thousands of older adults still move to facilities every year. A professionally trained and compassionate caregiver can provide the support to help each senior age safely and independently for as long as possible where they prefer: home. Home Care Assistance caregivers provide the following services to help older adults live well at home: hourly and live-in care, meal preparation, transportation, walking/transferring assistance, medication reminders, companionship and more.
