Home Care Assistance Partners with Norwalk Senior Center to Boost Brain Health

Home Care Assistance's six-part Mind Fit Series at Norwalk Senior Center focuses on enhancing brain health through various lifestyle factors including cognitive activities used in the company's proprietary Cognitive Therapeutics Method™

(Fairfield County, CT – February 2, 2016) [Home Care Assistance of Fairfield County](#), a leading provider of in-home care for seniors, is excited to announce that it will be expanding a fun and informative six-part series in partnership with Norwalk Senior Center. Led by Home Care Assistance, The Mind Fit Series: Activities to Boost Brain Health will cover proactive ways to enhance cognitive functioning, including activities used in the [Cognitive Therapeutics Method™](#), a science-based cognitive stimulation program. The series kicked-off Monday, February 1st with subsequent sessions every Monday from 10:30am to noon at Norwalk Senior Center. This event is open to all community residents free of charge.

"We've enjoyed working with the Norwalk Senior Center throughout 2015 with this program and look forward to expanding the Mind Fit Series in 2016 to be even better," said Larry Gilmore, at Home Care Assistance. "Feedback from series attendees has been overwhelming positive with individuals reporting that they not only thoroughly enjoyed doing the activities but also felt the activities positively challenged their minds."

Just like the body, the brain experiences changes in structure and function as a result of aging. While this is typical for everyone, there are positive lifestyle changes you can make to keep your mind sharper for longer. The Mind Fit Series, based on Home Care Assistance's Cognitive Therapeutics Method, draws upon existing research on enhancing mental acuity throughout the lifespan and introduces activities in a fun and engaging group format.

Below are the different sessions that make up the six part series:

February 1st : Social reminiscence, Current Events, Chair Stretches, Create a Healthy Snack

February 8th : Family Feud, Pictionary, Advice Column

February 15th: Trivia, Name that Tune, Logo Identification, Geographical Recall

February 22nd: Writing, Scrambled Sentences, Word Bingo, Alphabet Soup

February 29th: Take Away, Letter Counting, Design Recreation

March 7th: Magnify, Entangled Figures, Visual Puzzles

With a mission to change the way the world ages, Home Care Assistance helps seniors live well at home through innovative offerings such as its proprietary [Balanced Care Method™](#), which emphasizes scientifically-studied

lifestyle behaviors of the longest-living people on Earth, and the [Cognitive Therapeutics Method™](#), an activities-based program designed to boost mental acuity as well as delay the onset and progression of cognitive decline. Committed to community education on topics related to healthy longevity, the company has also authored an award-winning senior wellness book series, which is comprised of seven books, including *The Brain Boost: A Practical Guide to Brain Health*, *Mind Over Gray Matter: A New Approach to Dementia Care* and *Hospital to Home Care: A Step by Step Guide to Providing Care to Patients Post Hospitalization*, among others.

ABOUT COGNITIVE THERAPEUTICS

Cognitive Therapeutics is the scientific division of Home Care Assistance. The Cognitive Therapeutics Method was developed based on scientific research pointing to non-pharmacological interventions as a way to slow cognitive decline and is the first program of its kind to promote increased daily functioning through cognitive rehabilitation in the familiar home environment. The goal of the Cognitive Therapeutics Method is to improve quality of life as well as to delay the onset of new symptoms and slow the progression of existing symptoms of cognitive decline. Home Care Assistance caregivers are trained to administer activities in the Cognitive Therapeutics Method to keep clients engaged and mentally sharp. For more information about the Cognitive Therapeutics Method, visit www.CognitiveTherapeutics.com.
