Home Care Assistance Sonoma County Owner Appointed to Agency on Aging's Advisory Council

Peter Holewinski, owner of Home Care Assistance, will play an important role on the Advisory Council for the Sonoma County Area Agency on Aging

(Santa Rosa, CA – April 13, 2016) [Home Care Assistance of Sonoma County](#), a leading provider of in-home care for seniors, is proud to announce that Peter Holewinski, Owner of Home Care Assistance of Sonoma County, was appointed to the Agency on Aging's Advisory Council. The Sonoma County Area Agency on Aging (AAA) is a part of the Sonoma County Human Services Department's Adult and Aging Division. The AAA program's mission is to provide leadership, services and advocacy to promote the dignity, independence and quality of life for seniors, adults with disabilities and their caregivers. AAA receives and distributes federal, state and county funds for services that help seniors remain in their own homes.

The AAA program's mission is very much in line with Home Care Assistance's mission to change the way the world ages by providing older adults quality in-home care that enables them to live happier, healthier lives. Both AAA and Home Care Assistance support successful aging where seniors most prefer: at home.

Building on years of community service and a background in business, Holewinski was selected by a board for his role on the council. And as the owner of Home Care Assistance of Sonoma County, Peter Holewinski has experience in providing excellent care to seniors in Santa Rosa and greater Sonoma County. Being a member of this organization builds on Peter's already well established expertise and passion for helping aging adults live as independently as possible.

"I am thrilled to further my contributions to the well-being of seniors in Sonoma County by ensuring the success of existing and new programs for seniors in need," said Holewinski.

As the leading provider of in-home care, Home Care Assistance staff is available 24/7 to provide experienced, trustworthy caregivers to help with all home care needs for seniors including transportation, healthy meal preparation, companionship, socialization, activities, personal care, medication reminders and dementia care services. Home Care Assistance caregivers are bonded, insured, covered by Workers' Compensation and screened for criminal backgrounds and driving histories to ensure that clients receive the best care from the most qualified, trustworthy caregivers. Professional, compassionate caregivers encourage independence and engage clients in physical, mental and social activities, providing safety and comfort to seniors and respite and peace of mind to their family members.
