(Mesa, AZ – September 20, 2016) [Home Care Assistance Mesa](#), the premier home care provider, is pleased to announce the opening of its new office, which will serve the greater Mesa and Gilbert communities. The Mesa, AZ location is the 152nd Home Care Assistance office in North America and is opening during a stage of incredible growth and measured success for the company. The office is located at 2031 N. Power Rd., #103, in Mesa, Arizona, which is on the SE corner of Power Road and McKellips.

“I am excited to share the unique and innovative programs offered by Home Care Assistance as a resource for the communities in Mesa and the surrounding area,” said Amanda Butas, President/Client Care Manager at Home Care Assistance Mesa. “At Home Care Assistance, our mission is to change the way the world ages through distinct offerings such as our proprietary Balanced Care Method™ based on the scientifically studied lifestyles of the longest living people on Earth and our Cognitive Therapeutics Method™, an activities-based program designed to delay the onset of cognitive decline.”

Home Care Assistance hires only the most qualified and compassionate individuals as caregivers to serve the evolving needs of the company’s clientele; Home Care Assistance accepts only one out of every 25 caregiver applicants on average. Applicants undergo thorough screening including background checks, reference checks and work authorization. A proprietary Caregiver Personality Screening test assesses each applicant’s traits, such as kindness, honesty and conscientiousness.

Amanda Butas, President/Client Care Manager at Home Care Assistance Mesa, upholds these standards in the highly-selective hiring process. Along with her compassion and professional expertise, Amanda Butas matches clients with the caregiver best-qualified for his or her unique needs and preferences and treats every client as though he or she were a part of her own family.

Nine out of ten seniors prefer to age in the comfort of their own home, yet thousands of seniors still move to facilities every year. A professionally trained and compassionate caregiver can provide the support to help each senior age safely and independently for as long as possible where they prefer: home. Home Care Assistance caregivers provide the following services to help seniors live well at home: hourly and live-in care, meal preparation, transportation, walking/transferring assistance, medication reminders, companionship and more.
