Home Care Assistance of Napa Welcomes Brian Wolfe as Operations and Client Care Manager

Wolfe will play an important role in the Napa community and surrounding areas by serving their rapidly growing senior population

(Napa, California – April, 2017) Home Care Assistance of Napa, a leading provider of in-home care for seniors, is proud to welcome Brian Wolfe as Operations and Client Care Manager. After assisting the Marin County office of Home Care Assistance for three years as a Client Care Manager, Brian looks forward to the opportunity to open Home Care Assistance's newest location.

"At Home Care Assistance, our mission is to change the way the world ages," said Wolfe. "I am thrilled to be a part of a home care team that is supporting our mission through unique offerings such as the Balanced Care Method™, a holistic approach to care, and the Cognitive Therapeutics Method™, a proactive approach to brain health. I know that my efforts will continue to make a difference for local Napa seniors."

Based on the scientific studies of the world's healthiest seniors, the Balanced Care Method™ promotes five key lifestyle behaviors correlated with healthy longevity: healthy diet, physical exercise, active social ties, mental stimulation and a sense of purpose and calm. Caregivers are professionally trained to incorporate the Method into daily care to encourage healthy mind, body and spirit. In addition, the Cognitive Therapeutics Method™ is a research-based program designed to promote long-term brain health and prevent cognitive decline by stimulating the five main cognitive domains with fun and engaging activities.

As the leading provider of daily care, Home Care Assistance staff is available 24/7 to provide experienced, trustworthy caregivers to help with all home care needs for seniors including transportation, healthy meal preparation, companionship, socialization, activities, personal care, medication reminders and dementia care services. Home Care Assistance caregivers are bonded, insured, covered by Workers' Compensation and screened for criminal backgrounds and driving histories to ensure that clients receive the best care from the most qualified, trustworthy caregivers. Professional, compassionate caregivers encourage independence and engage clients in physical, mental and social activities, providing safety and comfort to seniors and respite and peace of mind to their family members.
